Mud, Sweat, & Gears Cup Program of Events (cont)

12:15 (estimated) Second run 1st forerunner on course

12:30 pm (estimated) First racer on course for second run.

1:30 pm (estimated) Conclusion of race; course is pulled.

Awards ceremony on Trax deck approx. 45m after the event ends, to be announced on WhatsApp

Comments and Notes

- Racers are encouraged to treat their car like a ski lodge. The first two rows of the back parking lot (across from Ski Patrol) are reserved for racers to tailgate/set up pop-tents. Packs/extra jackets may be left at the start area provided they do not block trail access.
- The main part of the A-frame is also available for racers and coaches to get ready/use restrooms. There are picnic tables outside the A-frame that can be utilized for lunch.
- There is no explicit health check BUT please do not come to the mountain if you are sick.
- NO late registrations.
- No refunds will be granted to racers who cancel after the start list for this event has been generated.
- Athletes will obtain their bib and lift tickets (RFID– see below) at registration in the A-Frame. No printed start lists or programs; start lists available via LiveTiming, weather and technology permitting (livetiming.usскиandsnowboard.org), programs via NYSSRA or AdminSkiRacing website
- Spectators are permitted outside the netting.
- Lift tickets are available to racers' families at a reduced rate of \$68 per day with a one-time \$5 RFID fee. (If you plan to ski both days, keep your RFID card and voucher so you can reload on Sunday for \$68 without purchasing another RFID card.)
- Greek Peak is using an RFID card lift ticket now. Athletes must carry their RFID card at all times – **speed suits are NOT sufficient to get on the lift (recommended placement: tuck inside speedsuit at shoulder or in pocket if provided).**
