SkillsQuest Station Notes:

- SkillsQuest station #1 will be at the top of Comet slope. SkillsQuest station #2 will be lower on the same hill. These two stations should be completed back-to-back without a chair ride and no hiking required.
- SkillsQuest station #3 will be at the top of Angel's Elbow slope. SkillsQuest station #4 will be lower on the same hill. These two stations should be completed back-to-back without a chair ride and no hiking required.
- In each time slot, two groups will start at SkillsQuest station #1 and two groups will start at SkillsQuest station #3. As the initial group completes the task, they should advance, as a group, with their coaches, to the next task.
- Time slots for SkillsQuest stations will be one hour and 15 minutes. First runs through each station will be practice runs. Second runs will be scored.
- Open skiing time can be used for coach guided practice. If terrain and conditions permit there may be additional, non-scored, stations (dual racecourse and / or combi obstacle course) available to athletes during Open Skiing time.

Event Scoring:

- Scoring will be done by USSS certified SkillsQuest evaluators and PSIA instructors. As necessary, and after consultation with each club, coaches from Western region clubs will substitute for PSIA evaluators.
- The athletes will be tested in (4) different stations – one each for Balance, Edging, Rotary and Pressure.
- Scoring will be a 1-10 scoring system based on the tasks below. Racers will receive two (2) scores per station. These two scores will be averaged for the athlete's individual score at that station. Finish order will be determined by adding the athlete's score in all (4) SkillsQuest stations to arrive at a total score.
- Ties will not be broken (e.g. if two (2) U12s tie for first place, they will each be awarded a "1" for the event and the next highest U12 will receive a "3").
- Finish order in this SkillsQuest event will count as the equivalent of one race run for PARA Western Region derby qualifications.
- Individual awards for the event will be given to M/F 1st, 2nd, 3rd by age group. Athletes will be grouped by age and club, skiing with a coach from their home club.
